PLAN A BOND DRIVE

EXECUTIVE COMMITTEE NAMED TO DIRECT CAMPAIGN

$300,000 IN MARYVILLE

Committee Will Undertake to Raise One-Half Nodaway County's Quota—Boy Scouts Help

Maryville is going to undertake to secure one-half the quota of $600,000 assigned to Nodaway county in the Baby Bond campaign, which will continue throughout the year. An effort will be made to secure $75,000 of the amount during thrift campaign week, January 28 to February 4.

A meeting was called last night by Ed W. Gray, chairman of the Maryville campaign committee, and the following were named an executive committee to have charge of the entire campaign: George Robb Ellison, A. N. Somerville, F. B. Tracy, E. E. Rhodes and E. M. Claypool. The committee decided on the time of the campaign and planned to work Maryville systematically in the interest of the war savings certificates and thrift stamps.

It is planned to have every line of business, the professions, civic and fraternal societies represented on a working committee that will undertake to interest every resident of the city and township.

The Boy Scouts also will aid in the campaign, their program having already been outlined by the government and officials of the national organization, who will ask them to distribute literature and information to every resident.

The first big drive will start in a short time and will end on national thrift day, February 4. When this period is reached the committee hopes to be able to report $75,000 having been taken in war certificates and thrift stamps.

WILL UNFURL SERVICE FLAG

Christian Church Sunday School Wil Honor Boys In Service—Interesting Program Prepared

The Christian church Sunday schoo will unfurl a service flag Sunday morning with an appropriate service in charge of members of Troop 1 Maryville Boy Scouts. Members of several classes will participate in the program.

The flag was made by the young women in Miss Laura Hawkins' class and will be presented by them to the school. The Sunday orchestra, composed of young men and young women, will have an appropriate musical program for the service.

LAYMEN'S MISSION MEETING

Representatives Will Be Sent to Maryville on January 22 to Tell Aims and Purposes

A meeting in Maryville is announced for January 22 for the purpose of making known the aims and objects of the Laymen's Mission meetings that are being held in the important cities of the country. One of the big meetings will be held in Kansas City and it is hoped that many of this city will be able to attend. The meetings are for all denominations, and on the date named a representative of both pastors and laymen will be sent to Maryville to interest the people of this section in the movement.

A meeting of the pastors of the various churches will be called to arrange for the meeting and to prepare a program. Further announcements will be made concerning it.

LIKED OUR NEW FIRE TRUCK

Osceola, Iowa, Councilmen and Fire Chief, After Visit of Inspection, Order a Similar Apparatus

Members of the Osceola, Ia., city council and chief of the Osceola fire department were in Maryville today to inspect the new automobile fire truck recently purchased by the city from the Obenchain-Boyer Co., of Logansport, O. Members of the party included J. R. Armstrong, D. M. Gibson and Ed West, councilmen, and Carl Coon, fire chief.

After visiting fire headquarters and seeing the new machine perform the Osceola officials at once placed an order with the Ohio concern for a similar chemical truck. H. E. Imler, of the auto company, accompanied the party here to inspect the new fire fighting apparatus.

Osceola, a town of 3,500, is without other equipment than hand machines and following a bad fire there a few weeks ago in which two men were killed and several badly injured, decided to modernize their department.

THE BACCALAUREATESERMON

Rev. Gilbert S. Cox Will Address Class Members at Union Services Next Sunday Night

The baccalaureate sermon for the mid-winter graduating class of the High School will be preached Sunday evening at the First M. E. church by Rev. Gilbert S. Cox. The occasion will be a union meeting for all the protestant churches of the city and a program appropriate for the occasion is being prepared.

Members of the graduating class are: Erma Green, Garland Miller, Lester Masters, Ferd Masters, Robert McGinty, Clarence Cook, Clifford Lyle, Lou Mutz, Clydell White, Elizabeth Leet, Theria Spoor and Virginia Lawson.

QTR'MSTRS CORPS NEEDS MEN

They Will Not Be Employed as Civilians But Must Be Enlisted In the Army

Camp Funston, Jan. 11.—Many men are needed to fill up the personnel of the quartermaster's detachment at Camp Funston, according to Captain G. E. Toole, personnel officer. The men will not be employed as civilians, but must be enlisted in the army, he said. The following particularly are wanted:

Bricklayers, stationary firemen, boiler house firemen, steam fitters, electricians, wiremen, clothing and shoe repairmen, printers, painters, blacksmiths, carpenters, plumbers, auto mechanics, tin and stove repair men and truck drivers.

CLARY RITES THIS AFTERNOON

Funeral From Home of Daughter and Burial Was In Oak Hill

Funeral services for H. C. Clary, who died at 7:30 o'clock Wednesday night at the home of his daughter, Mrs. W. H. Frazee, were held at 2 o'clock this afternoon at the residence, the Rev. C. Emerson Miller officiating. The pall bearers were: Amos Sprecher, Bert Harrison, Dr. Karl Malotte, Henry Trullinger, William Irwin and Howard Whaley. Burial was in the Oak Hill cemetery.

Play Maitland Game Saturday.

The basket ball game between the High School team and Maitland was called off yesterday on account of the snow storm and will be played on Saturday night. The team found it would be inconvenient to make the trip overland and a phone message to Maitland resulted in a change of date.

Mr. and Mrs. Henry Westfall and son went to Kansas City on a business trip today.

HOGS AS AID TO WAR

WILL BE IMPORTANT FACTOR, SAYS CANADIAN EXPERT

PATRIOTISM VS. PROFIT

Duncan Marshall Told Poland-China Men Not to Consider Returns On Investment — Speech In Full

The address of Duncan Marshrall, minister of agriculture for the province of Alberta, Canada, before the members of the Standard Poland-China Record Association on Wednesday afternoon, contained some interesting information and timely advice to farmers and hog raisers. His speech is given herewith in full.

Mr. Marshall said:

I am not on a speech-making trip today. I have just been visiting Mr. Bellows and looking over his Shorthorn cattle. I don't know that I have anything particular to say to you today, but I have never yet refused to meet with a number of farmers, and especially livestock men who are interested in the promoting business. Mr. Bellows has been giving me some little sketch of this association, and the work you have done, not only in this particular territory, but all over the United States, and I just want to offer you my congratulations, because recording associations have done a great deal for the livestock business in every phase of its activity. Looking carefully after the pedigrees and the breeding of good livestock has been one of the chief things that has interested intelligent men in the business and has resulted in what has been achieved, not only in the hogs which you are engaged in, but in the breeding of every line of livestock. I am pleased to meet with the men who are interested in this record association, and I am especially pleased to meet with the men who are engaged in the hog business in this country, because, after all, there has been no better class of livestock to help the struggling farmer than the hog. I come from western Canada and the newer part of our Dominion, which has, in fact, only been peopled the last few years. In truth, we haven't got a very large population today.

SHERIFF DOES RECRUITING

Locates Clyde Branson In Reply to Telegram Asking for Bricklayers and Sends Him to the Army

Sheriff John Dowden returned from St. Joseph this morning where he went to locate Clyde Branson to have him sent to San Antonio to join the army.

Branson, who is a bricklayer by trade, was awaiting the next draft call and had expressed a desire to go at the first opportunity. On receipt of a telegram from army headquarters to secure all the available bricklayers, Sheriff Dowden went after Branson. He was living with his brother, Dr. Branson, at St. Joseph, and was furnished transportation for San Antonio, where he will join the army.

TO 22 BELOW THIS MORNING

Farmers Were Glad to See the Snow Even if it Did Bring Severe Cold —Moisture Was Badly Needed

Farmers are glad, on account of the good snow, even if it did bring the coldest weather of the winter, with the thermometer down to 22 degrees below this morning. That was the official register of the mercury. The cold spell will continue for the next twenty-four hours, it is promised. At an early hour this morning the mercury stood at 19 below, with the cold growing more intense, until at seven o'clock 22 was registered. There was not much change during the day, as 16 was registered at noon.

INTERNS IMMORALS

EXPERIMENT WITH DISSOLUTE WOMEN MAY PROVE WAR FIND

DONIPHAN TRIES IT OUT

Mrs. Rundley, Social Worker of St. Louis, In Charge of Camp—Lawton Business Men Are Pleased

Special to The Democrat-Forum.

Lawton, Okla., Jan. 11.—The internment of immoral women for the period of the war is an experiment being tried out at the Missouri and Kansas national guard training camp near here.

The experiment, which, if successful in keeping the women away from soldiers during the war, will be regarded as one of the most important discoveries of the war.

Major William Lawrence, former diagnostician at the St. Louis city hospital, is in charge of the hospital, and Mrs. Elizabeth Hundley, St. Louis social worker, is in charge of the detention camp.

Eleven women are now in the detention camp under treatment. The business men of Lawton, as well as the military authorities at the camp, are highly pleased and have indorsed Major Lawrence's recommendation that a similar system be put in operation in the neighborhood of all army camps.

A plan is on foot to furnish employment, such as mending, laundry work and other necessary things for the soldiers to these women at a reasonable charge so that they will not be dependent on the government for their support.

The idea of interning women of this class as a war measure originated with Major Victor Vaughn of the University of Michigan, now a member of the staff of Major Gen. Gorgas, chief surgeon of the United States army, but this is the first practical application of it.

When General Gorgas recently visiter Camp Doniphan he found the social evil one of paramount importance and advised the measure. A general crusade was started and thirty-one women were arrested during the first week. First offenders were offered a parole after a medical examination, but eleven habitual offenders were kept in the detention camp.

CITY WILL SELL ICE

RESERVOIR AT PUMP STATION BECOMES REVENUE PRODUCER

300 TONS ALREADY UP

Will Likely Sell to Parties Who Will Agree to Make Distribution to Individual Consumers

City consumers of ice are going to have an advantage next summer of competition in the retail ice business. The city has decided to make a revenue producer of the reservoir at the water pumping station and has begun putting up ice which will be sold during the season to consumers.

No plan has yet been devised for the distribution of the product although it is believed that the output will be sold to parties who will agree to distribute it throughout the city to the individual consumers. A local firm has already made the city a proposal to take 600 tons at a fair price. One thing is certain, the city will have no trouble in disposing of all the ice that can be stored.

Wm. Dusenberry, manager of the water works system, is taking every precaution that none but good ice be put up and with water in the reservoir free from all impurities of any kind a high grade product scarcely less inferior to artificial ice will be stored.

A crew of men has been at work ever since the ice has been of sufficient thickness to cut and ice between eight and ten inches in thickness is now being put in the ice house. The increased cold has thickened it again and a superior quality of hard, artificial ice is being harvested. Over 300 tons have already been put up. The city has also installed a set of scales at the pump station and all coal received is weighed on arrival. Formerly coal was delivered to the plant without the city knowing whether weights were correct or not.

OPPORTUNITY FOR ENGINE AND TRACTOR OWNERS

International Harvester Company will Hold Tractor School at Maryville January 22 and 23.

Of all the machines a farmer owns, none is more important than his tractor. Especially is this true this year. Tractors must be in condition to work day and night if necessary to make possible the increased production of food we need. There must be no delays due to unsatisfactory operation, no loss from misunderstanding.

To this end the International Harvester Company of America proposes to hold tractor schools in various parts of the country in order that their users may get the best possible service out of their tractors.

One of these schools will be held at the old Vandersloot meat market on West Third street. The sessions will open promptly at 8 a. m.

This school will be absolutely free to all who care to attend, whether they are tractor owners or not. Nothing will be offered for sale at these schools and there will be no selling talks. A course of instruction in how a tractor works and how to keep it working will be strictly adhered to.

The instructors are practical tractor and engine men and the course is laid out on large charts illustrated with clear diagrams and described in simple terms. It takes up the reasons why an engine operates, what takes place within the cylinder of an engine, symptoms that indicate approaching trouble, how to look for trouble and not overlook it, how to get the best possible service from a tractor or engine, new uses for tractors and many other subjects of special interest to men in this locality.

Those who attend the school will be encouraged to ask questions on any subject in connection with tractors and engines. These questions will be answered at the end of each school session.

To be sure that everyone who attends the school carries home with him every point brought out there, a book containing all subjects discussed at the school will be given to every interested man. Every farmer who owns a tractor or engine should attend this school but, more important still, he should bring with him the man who operates his tractor. Plan now to be present at every session of the school, for the men who do this will get the greatest benefit out of it.

Don't forget the date, and be sure to be there.—Adv.

CHARGED WITH DISTURBANCE

Eight Residents of Graham Neighborhood Give Bond for Appearance at January Court Term

Jesse Grover and Daniel Chappel, Wesley, James and Silas Wilfong and Ernest and Harry Hale were arrested yesterday by Sheriff John F. Dowden on a charge of disturbing the peace. The parties all live at Graham. The information was furnished by David and Ernest Gelvin, also residents of Graham, who are the prosecuting witnesses in the case. The men gave bond for their appearance in court at the coming January term.

The arrests resulted form the recent fight at Graham in which Ernest Galvin and David Galvin were beaten after having left the court room of a justice of the peace where a trial was in progress and in which a verdict was returned favorable to the Gelvins.

DEATH OF BARNARD CITIZEN

Thomas Conlin, 71 Years Old, Was One of the Pioneer Residents of Nodaway County

Thomas Conlin, one of Nodaway county's pioneer residents, died at 1.45 o'clock this afternoon after a three weeks' illness at his former home six miles north of Barnard. Mr. Conlin, who was 71 years old, was born and raised near Barnard. He is survived by his wife, one son, and four daughters. His children are Frank Conlin, and Mrs. Elsie Wohlford of near Barnard, Mrs. Caleb Jobe of Hopkins, Mrs. Lillie Hocker and Mrs. John Peterson of Guilford.

No funeral arrangements have been made.

Senate Holds Up Vote.

Washington, Jan. 11.—The suffrage amendment may be held up in the senate following a close vote yesterday in the house. Senator Jones, chairman, says vote will be taken in ten days. The vote in the house yesterday was close, being 274 for and 136 against the amendment. Two more votes against it would have killed it as it required a two-thirds majority to carry. Congressman Booher voted for the amendment.

Preaching Services.

Rev. C. S. Dayhoff will preach at Myrtle Tree Sunday morning at 11 o'clock and at Pickering in the evening at 7:00.

Wins First Prize.

Teddy Lee Norris, son of Mr. and Mrs. Fred Norris, won first prize at the skating rink last night. He was dressed as Winter.

Carl Graves of Burlington Junction, who was seriously injured in an automobile accident several weeks ago, and who has been taking treatment at a hospital in St. Joseph, was able to return to his home last Saturday.

HUGH FRAYNE

Hugh Frayne is the labor representative of the war industries board of the council of national defense. In peace times he is chief organizer of the American Federation of Labor in New York, the official representative of Samuel Gompers in that city. He is a sheet metal worker by trade.

2 MILLION MEN SOON

AMERICA WILL BE READY WITHIN THE YEAR, SAYS BAKER

WORK GOES RIGHT ALONG

Officials, to Counteract Pro-German Program, Have Spread False Stories—Peace Conference Suspends

Washington, Jan. 11.—America is prepared for an army of two million men in the field within a year, Secretary of War Baker declared before the senate probing committee this morning.

Officials, tocounteract the program of pro-German propagandists, are spreading false stories of conditions. The overseas movement of troops has not stopped or been hindered and America has gotten one-third more more men across than was planned for at this time. Na munitions ships have been held up for foodstuffs nor has there been any wholesale sinking by submarines. The food situation of the Entente Allies is nowworse than Germany, who wants to make peace in the near future on their own terms despite the crisis.

Amsterdam, Jan. 11.—Despite the brave show of the German press in attacking Wilson's peace terms a grave crisis faces the dual empires, who have opened negotiations to a pronouncement of modified terms. An authoritative source says the outcome depends on the Brest Litovsk conference. Socialists are demanding more moderate terms.

Copenhagen, Jan. 11. — The Brest-Litovsk conference has been suspended. The Teutons refuse to transfer to Teuton soil. The answer given by Minister Von Kuehlmann Thursday at the resumption of the conference says the Teutons may consent to a final meeting o nneutral soil.

Father Seriously Ill.

Prof. C. S. Padgett of the Business University will leave tonight for Hardin, Ky., called there by the serious illness of his father, J. F. Padgett, who is suffering of pneumonia. Miss Anna Mae Hersel will have charge of the school during his absence.

Announce Birth of Daughter.

A daughter was born Thursday to Mr. and Mrs. Merrill E. Otis of St. Joseph. Mr. Otis, who is first assistant prosecuting attorney of Buchanan county, was a former resident of Maryville.

Mr. and Mrs. Conley a Daughter.

Mr. and Mrs. Verlin Conley of near Maryville announce the birth of a baby daughter, born this morning at the hospital. Mrs. Conley was formerly Miss Velma Lanning.

Clarence Ballenger, John Spears and W. W. Potts of Burlington Junction were among the out of town people in Maryville today.

Rev. C. S. Dayhoff of Pickering is in Maryville on business today.

Lee Brooms of St. Joseph is in Maryville on business today.

Steve Rhoades of Barnard was in Maryville on business today.

Arthur Hager will go to St. Joseph on business this afternoon.

Mr. and Mrs. John Griffey are in St. Joseph on business today.

News at Skidmore

On Monday of this week Miss Florence Jordan began work in the office of the F. L. Curfman Manufacturing Company at Maryville.

Twenty-six cars of live stock is the record for stock shipped from Skidmore for the week beginning January 3 and ending January 9.

Sanford Jones, who has been at the home of his brother, Vern Jones, near Skidmore, for some time, was in St. Joseph one day recently and while there successfully passed the examination for entrance into the navy.

Mr. and Mrs. Earl Stevenson now live on the Cramer place north of Graham, having moved there from the G. R. Davis farm south of town, Thursday of last week.

Thursday morning Mr. and Mrs. W. M. Howden left for a month's absence, during which time they will visit in Nebraska, where they have relatives, and at different Pacific coast points, the principal one being Los Angeles, Calif., where their son, W. M., Jr., and family, live.

J. C. Spahr and wife moved into the property of the late Mrs. Angeline Oren last week, having vacated the Hedgpeth property in the west part of town. B. O. Ford and family will move into the property vacated by Mr. and Mrs. Spahr about the fifteenth of this month.

As the result of an overheated furnace pipe the room occupied by the seventh and eighth grades at the Skidmore school was hastily vacated by the students Monday when flames appeared around the register, which had become overheated because of a sheet of tin that had been placed over it. The fire was soon extinguished and aside from the fright it had occasioned, little damage was done.

Under the supervision of L. D. Jordan, installing officer for Skidmore lodge No. 586, I. O. O. F., the following officers were installed Tuesday night to serve until July 1, except the secretary and treasurer, whose terms expire December 31: J. N. Shull, N. G.; J. F. Barber, V. G.; M. Gray secretary; Ray Strickler, treasurer Ed Strickler, R. S. N. G.; Ed Hughes L. S. N. G.; Earl Jordan, L. S. S., J. C. Spahr, chaplain; Lloyd Twaddell, conductor; George Barrett, warden.

News at Ravenwood

Three Ravenwood boys went to Kansas City Monday for examination to enter the Marine Corps. Hallie Bradley was sent to St. Louis. Tony Rosler came home to recover from tonsilitis. Roy Hunterson was rejected because of flat feet.

The Order of Eastern Star installed officers Tuesday, January 8.

Revival services will begin at the M. E. church Sunday, January 13.

Mrs. Nan McElvain is visiting in St. Joseph this week.

Vern Henson left Monday for a visit with his father, Chas. Henson, and family, at Trinity, Texas.

W. J. Bentley of Julesburg, Colo. has joined his wife here for a visit with relatives and friends.

Are There Any More Like Him?

Poplar Bluff, Mo., Jan. 11.—The mayor of Charleston, Mo., a small town a few miles east of this city, has made the following announcement to the citizens: "There is plenty of wood already cut, on my farm three miles south of town. The gate is open; go help yourselves."

HOW A MARYVILLE SOLDIER DISPERSED ATTACKS

"For two years my stomach trouble was very bad, my doctor had to inject morphine on several occasions when I was stricken with these attacks. Since taking four bottles of Mayr's Wonderful Remedy I have been entirely well and am serving in the United Startes Artillery, having been pronounced in perfect health by government physicians." It is a simple, harmless preparation that removes the catarrhal mucous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Maryville Drug Company.

Eggs at Seventy Cents in St. Louis.

St. Louis, Jan. 11.—Eggs are selling in St. Louis at 70 cents a dozen—a record price. Last year eggs reached the maximum price of 45 cents and everyone thought the limit had been reached, but then came the war, and prices soared. The food administration committee has just set the price of eggs at 66 cents a dozen.

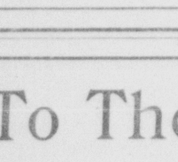
Soldier and Sailor Insurance.

To the man who has gone to the colors the United States government offers the safest, the most liberal and the cheapest insurance on the face of the earth. Approximately 300,000 men have already accepted the government's offer, applying for insurance of about two and three-quarter billions of dollars. The average amount applied for per man is more than $3,600, which is very close to the $10,000 maximum provided for by the law.

This insurance total, great as it is, should be only a beginning. Every person in the military and naval forces of the nation owes to himself and to those he loves to avail himself of the full insurance protection. But the time in which he can do so is limited. Prompt action is imperative.

Those who joined the service before October 15, 1917, must apply for the insurance on or before February 12, 1918. After that it will be too late. The automatic insurance which is provided until February 12, 1918, is only partial protection.

Parents, brothers and sisters, who have a representative of their family in the army or navy should, for their own sake, and for his, write to him at once urging him, if he has not already done so, to buy the governmen insurance. They should urge him to buy the full $10,000, and, above all to buy it now.



RAW FURS

The market is high on all kinds of FURS. Write for Special No. 1. CHAS. A. JENSEN, buyer of Furs, Hides, Produce, Maryville, Mo.

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D Atlanta, Ga.

A SAVINGS ACCOUNT MAY MAKE YOUR OPPORTUNITY.

At the Tuesday Bridge.

At the meeting of the Tuesday Afternoon Bridge Club, which met yesterday afternoon at the home of Mrs. Ralph Eversole, the prize went to Miss May Orear.

Held Regular Session.

The Ladies' Aid Society of the First Methodist church held their regular business session at 2:30 o'clock yesterday afternoon at the church.

Calendar Party.

Miss Olivette Godsey was surprised last Wednesday night when the members of the T. A. G. Club and a few other friends gathered at her home to spend the evening with her. A calendar entertainment furnished plenty of amusement for the evening. Those present were: Misses Alma Lu- Mary Lewis, Vella Booth, Dor- ale, Lucile Snowberger, Oliv- Godsey, Don Roberts, Virgil aron, Fred Connor, Phil Colbert, Wade Henderson and Vern Pickens.

Mrs. Forcade Hostess.

Mrs. Wood Forcade of Pickering entertained the Needlework Club on Wednesday afternoon at her home. The afternoon was spent with knitting and needlework. The members present were: Mrs. Ed Herbert, Mrs. J. W. Wiley, Mrs. Gordon Swinford, Mrs. Wilbur Smith, Miss Mary Wolfers Mrs. E. L. Crowson, Miss Blanche Hinton, Mrs. Roy Wolfers, Mrs. C. G. McMillen, Mrs. Will Hinton and the hostess. Miss Myrtle Null was a guest of the club. Dainty refreshments were served by the hostess, assisted by Miss Blanche Hinton.

Entertains Class.

Last Tuesday night Mrs. W. P. Nicholas entertained her Sunday school class at her home. The evening was very pleasantly spent in games and music. Refreshments were served by the hostess. The class presented Mrs. Nicholas with a beautiful cut glass cream pitcher and sugar bowl. She was very deeply appreciative of this and expressed regret in having to give up her work as teacher of the class owing to her leaving the community. Those present were: Crystal Stafford, Vella Humphrey, Nelle Stafford, Irene Alvis, Bernice Miller, Erma Rhodes, Opal Dale, Aina Stafford, Louise Larabee, Lorena Palmer, Hazel Tibbetts, Mabel Woods, Golda Norman.—Burlington Junction Post.

W. F. M. S. at Pickering Meets.

The Woman's Foreign Missionary Society of the Pickering Methodist church met yesterday afternoon at the home of Mrs. Roy Wolfers. The lesson was taken from Chapter III of "Under the Crescents and Among the Kraals," which deals with early missionaries in Africa. The meeting was opened by the reading of the fifty-fifth chapter of Isaiah, with prayer in concert by the society. The following interesting talks were given, interspersed by victrola music: "African Pilgrim Fathers," Mrs. Roy Wolfers; "An Outstanding Hero," Mrs. Ira Thompson; "The Heroine of Africa," Miss Mary Wolfers; and "A Parable," by Mrs. Winfred Neil. Mrs. C. G. McMillen, Mrs. Ed Herbert and Mrs. George Hackett were guests of the society. During the afternoon Mrs. Hackett became a member. After the program dainty refreshments were served by the hostess, assisted by Miss Mary Wolfers. The society adjourned to meet February 7 at the home of Mrs. Walter Johnson, with Mrs. Ernest Stafford as leader.

IN A MID-NIGHT SHAM BATTLE

John Mutz Writes the Democrat-Forum of Engagement Between Four Companies of 356th Inf.

In a letter to the Democrat-Forum, John Mutz of the 356th Inft., at Camp Funston, tells of a sham battle "fought" after night between six p. m. and midnight. The letter follows.

Camp Funston, Kans.,
January 9, 1918.

Democrat-Forum:—The third battalion of the 356th regiment, consisting of Companies I, K, L and M, had a sham battle last night, Companies I and K against L and M. We started from the barracks at 6:30 p. m., and went to what is known as Rodney Hill, where we took up our positions.

Of course we had to work on our imagination to a great extent as we had only imaginary trenches. We had several strong points and a place for machine guns. All kinds of patrols were sent out to get all the information possible. I was sent out in charge of a raiding party. We captured one man and took him home.

No strong points were captured as it was a little light and too open. A few men from M and L were captured also from I and K.

We got back to the barracks at 12 a. m. It was pretty cold, but the boys seemed to stand it pretty well.

SGT. JOHN MUTZ.

Has Foot Badly Cut.

Roy Parent, living a mile north of Myrtle Tree, cut his foot badly yesterday while splitting wood, his ax slipping and the blade striking the instep, injuring the bone. Dr. A. B. Allen took several stitches in the member. It will be some days before Mr. Parent is able to be out again.

Called to Ridgeway by Death of Niece.

Mr. and Mrs. R. C. Stewart of Clearmont will leave tomorrow for Ridgeway, Mo., called there by the death of their niece, Doris McCoy. Mr. Stewart is depot agent at Clearmont and during his absence Will Price will act as operator.

J. M. Timmons of Clarence, Mo., is in Maryville on business today.

HOGS AS AID TO WAR

(Continued from Page 1.)

and I am sorry to say that in the last two or three years it has been tremendously depleted by the war.

The Hog All-Important.

But in a new country like ours there has been no more profitable business a man could get into more readily and make money more quickly, though it were in a small way, than in the hog business. Marketing a few hogs and raising a few pigs has helped to build more homes on the land than perhaps any other line or agriculture. Consequently, I am glad to meet with the people who are engaged in that business which has done so much for the foundation of successful farming, both in your country and my country. I am pleased to meet with you people at this particular time, because there never was a time in the world's history when the hog, as a meat producing animal, was so important as he is today. No doubt your food controller here has given you the same information that has been given to our farmers across the line. That is, if the civilian population of France is to be preserved today it can only be done by the rapid production of fats; that the conditions in Europe at the present time, and especially in France, are such—the army, of course, must be fed, and it has to be fed no matter who else goes hungry—that the civilian population, the boys and girls, women and children (for they have given every ablebodied men to the war) of France, with the single exception of Belgium, is in a position that unless the North American continent is prepared to supply her with more fats than they have done before her people will be in a more or less starving condition.

Fats the Great Need.

The only means by which fats can be quickly produced is by means of hogs, because long before the cattle which are calves now can be in a condition to kill or ship they would be of practically no help in relieving this immediate need. Our ability to produce hogs and get them matured in six or eight months makes the hog today the animal that is going to save the situation in the production of fat, and I have no doubt that the same kind of a campaign is being put on in your country as is being put on in the Dominion of Canada at the present time; that is, w eare requesting all our farmers to go more largely into the hog business than they have ever done before, and we have based our appeal purely upon the necessity of the occasion.

We have never sought to argue with a man for a minute as to whether he is going to make money out of the hog business or not; that is not the proposition at the present time. The proposition is, if these two countries are to do their whole duty for this war, they are not only to do it on the firing line, but they are to do it in the production of foods that are so absolutely required if the lives of the nations which have already made so much greater sacrifice than we have made are to be saved. Hence, it is up to every farmer on this North American continent to see that he does his whole part. Whether the hog business will pay him or not is not the question; sacrifice is not the question. Even though his corn would sell for more than his hogs is nothing compared with the sacrifices that are being made in this war.

Not Question of Profit.

My statement to my people is that I have no time to waste with the man who says he can make as much money out of his corn by selling it as by feeding it. I am not prepared to waste time arguing with him when I can spend that time talking to some one else who has enough patriotism to do it for his country, and not for the money, in this day when the farmers are making more money than they ever thought of making in previous history in the production of everything on the farm. Let him spend the time taking care of a few more hogs no matter whether the hogs bring the figure that he thought they would bring, or whether they bring only the value of the corn. The man who won't sacrifice a few bushels of corn, or spend a little more time raising a few more hogs, when hogs are so badly needed to save the civilization of the world, is but a poor man to waste your time over, and I hope this record association, engaged as it is in the business of promoting high class hogs, will assist its government as organizations of this kind are assisting our government in Canada, and if I have any word for you it is that I hope this record association and every other pure bred record association engaged in the swine business in this continent of North America will see that all its members not only produce a few more hogs, but are the means of inducing other farmers all over the country to meet their opportunity in this business.

Will Help to Win War.

It is a serious business, and it is a very large and important business. And it is no sacrifice at all so far as the individual is concerned. If every farmer who is engaged in the hog business on the North American continent would add three or four brood sows to the number he had intended to keep over this winter there would be no question about the supply of fats or meats to enable us to win this war, and that is certainly a very small thing to ask of the farmers on this

WOMAN WORKS 15 HOURS A DAY
Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA METERIANO, 36 West 10th St., Peru, Ind.
Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

Moving Picture War Taxes—

That the Empire Theatre is paying a moving picture war tax, as well as the persons who attend the shows, should be known by everyone.

The Empire Theatre pays 15c a reel war tax every night on the five to seven reels which are shown, and it pays $75 a year war tax on the theatre building, besides paying the war tax on the 5c admission tickets for children.

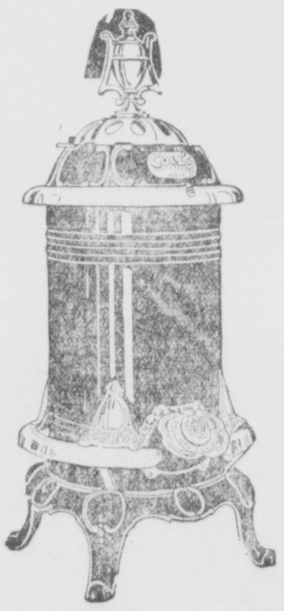
So this theatre, as well as its patrons, is helping to pay the expenses of this war, as it has not raised its admission charges to cover the increased expenses. As the U. S. government has placed a 1c war tax on 10c theatre tickets, 2c on 15c tickets and 3c on 25c tickets, all theatre goers should gladly pay the extra cent or two because they know that the tax is helping to win the war.

Go to the moving picture shows more than ever and you will "Do Your Bit" at each one you attend. Empire Theatre patrons paid $107 in November and $127 in December in moving picture war taxes, all being small amounts and not causing hardship on any one person.

Our pictures are released on the Paramount and Artcraft programs. Every week we bring to you some of the world's greatest movie actresses and actors.

Empire Theatre

Great Stove Bargains
In the face of steadily increasing prices on heating stoves, we have gone through our stock of the Famous Coles Hot Blast Heaters and actually *MARKED THEM DOWN.*



We are now selling heaters at less than we could buy the same stoves for at wholesale, and whether you need a stove this season or not you owe it to yourself to take advantage of these prices because the stoves will never be cheaper—no matter how long you wait.

$20.00	Stoves at	$16.50
22.00	Stoves at	17.50
25.00	Stoves at	20.00
27.25	Stoves at	22.00
29.00	Stoves at	23.75
32.00	Stoves at	26.00
35.00	Stoves at	29.00

In ranges we have a very large stock, bought before the raise in prices which we are selling at the old prices—or less than the wholesale price today. In fact, it is hard to get them now and the fact that we are willing to sell them at the old price is evidence of our desire to give our customers the benefit of all possible savings.

If you are going to need a range or a heater in the next two years, it will pay you well to buy it now.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Maryville, Missouri, January 10, 1918

ISL

HOGS AS AID TO WAR

(Continued from page 3.)

continent, whose prices have been immensely enhanced both indirectly and directly as a result of the war, and I would just suggest that your record association take up this matter in an active manner.

These two countries are being drawn much closer together since the United States of America joined with the other members of the Allied Party in fighting for what we believe to be the freedom of the world, and we are glad and proud that this country has joined in, and I am quite free to state as I have stated on numerous occasions in our own country, that I believe the United States joining in this war is the salvation of the cause. I believe they have made it possible for the Allies, without any question of a doubt, to win the war, and I believe that the war would be in a very doubtful position today if the United States had not joined in with the tremendous resources both of men, money, manufacturing establishments and, last, but by no means least, the agricultural resources of the country, and I think there can be no question whatever about what the end will be, and what it must be, but I believe long before this war is over that every man and every woman in every country engaged in the war will have some duty to perform and some sacrifice to make, and I would like to see the farmers of your country, and the farmers of my country organized early in this matter, and doing something worth while, so that it could be pointed out when the war is over that the farmers didn't wait until something was requested or demanded of them, but on their own account, as soon as they discovered what was most needed, the men who are engaged in agriculture did their utmost to fill that need and make the winning of the war quicker than it otherwise would have been, and in that way to save human lives, the greatest possession that we have.

System Is Necessary.

There must be a well organized system among those who produce the things that the other nations most need, and there could be no more appropriate organization to address than this, your organization for the purpose of promoting the breeding of high class hogs, for that is the kind of meat that the Allies are demanding today in this strife.

As a matter of fact, with so many examples from the old world before us, there is no country we get better examples from than Germany. Last year Germany produced altogether, outside of her farms, over four million hogs. Over four million hogs were produced and grown to maturity in the cities and suburbs, fed from slops and garbage from the town and city houses, and that great amount of pork was added to their resources. When you think for a moment and get some idea of the waste that is going on in byproducts from our country that might be turned into something worth while you can see the necessity for organization. I can see where organization in our country and in the suburban parts of the towns and cities has accomplished much. Many of our people have been organized and many of them are going to raise hogs next year, so that the Canadian production of hogs will be higher than it has ever been in its history.

MOTHERS
Keep the family free from colds by using
Keep a Little Body-Guard in Your Home
VICK'S VAPORUB

"Who Will Win This Battle?"

Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to throw the whole mechanism of the body out of order, thus toxic poisons can accumulate in the system and be as deadly as snake venom.

Besides causing the minor ailments of rheumatism, sciatica, lumbago and backache, neglect of the kidneys is apt to develop into more serious diseases, such as stone in the bladder.

Rid the body of toxic poisons—clean the bladder and kidneys and cure the twinges of rheumatism with Anuric (double strength) and you win the battle of life.

Anuric was first discovered by Dr. Pierce, and has benefited thousands of sufferers as well as appeased and eliminated the ravages of the more serious kidney diseases. Now procurable for 60 cents at any up-to-date drug store, or send Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y., 10c for trial pkg.

HANNIBAL, Mo.—"I feel very grateful to Dr. Pierce for putting so wonderful a medicine on the market as Anuric. I have been ill for four years with a complication that the doctors have been unable to fathom. Even specialists have failed to relieve me. My body has been racked with pain continuously and eventually the water became thick and dark. None of the doctors ever mentioned kidney trouble, but for some time I have suspicioned that the kidneys were at the root of all my misery, so when I learned of the Anuric Tablets I determined to give them a trial. That was only a week ago, but the secretion has cleared up perfectly and I feel so much better that I am certain I have at last found the right medicine."—N. D. BIBB, 1019 Lyon St.

Who Pays The Bill?

A little common sense reasoning that the public of Maryville should hear:

Mr. Jones buys meat on credit. Mr. Smith pays cash. Mr. Jones through one reason or other does not pay his bill. Mr. Smith pays his bill. But who pays Jones' bill? The merchant can't afford to lose it. But to protect himself from bad debts he realizes that he must have a larger profit on Mr. Smith, or any of his patrons to help pay for the loss of Jones' bill. You'll have to admit that this is a fact.

And free delivery service. Is it free? Does the merchant who delivers get his delivery equipment free; does he hire his delivery help free? Does he get all the necessary repairs to the delivery equipment free? Certainly not. Then who pays these bills? The public who wants that service, of course.

The Packer's Market Co.

does not deliver, nor does any credit business. We do not ask you to pay for what you don't get. Our meats are of the finest quality and our prices mean a saving worthy of your consideration. We believe that meat is high enough at the low prices we quote. Compare our prices with others, is all we ask.
